About our Retreat Facilities

We do not offer full service retreats at our locations. We provide our guests with a beautiful setting, comfortable accommodations and expansive property to enjoy. All groups must provide their own food and programs. Scott Mission staff will only be available to assist you in the case of an emergency.

Both locations are equipped with a television and DVD player.

Bookings

Our facilities are booked on a first come, first served basis. To make a booking, please contact the people listed below. We will inform you of any forms that need to be completed and deposits that need to be paid to finalize your booking.

Our guests can explore our many hiking trails and outdoor spaces. On the lower level, there is a games room and a large multi-purpose room that can be used for meetings and dining. Just off the multi-purpose room is a kitchen for meal preparation.

During the month's of May, June, September and October, the facilities we use for our summer camp are available to rental groups. There are beds for 150 guests, a large dining hall and a commercial kitchen.

Availability

The Scott Mission uses the camp for our own summer camp programs late-June to the end of August. Please contact us to confirm availability.

The Lodge is located on 113 beautiful acres on Blue Mountain. Guests can enjoy local attractions like the quaint shops of downtown Collingwood, the Blue Mountain Ski Resort and Wasaga Beach.

Accommodations

The Lodge has comfortable accommodations for up to 16 guests in the motel building. The barn has two bedrooms, a large room with couches and a fireplace. Also in the barn is a large kitchen and eating area. The motel is a dormitory style building with 8 rooms. Connecting the two building is a magnificent deck that provides panoramic views.

Availability

While The Scott Mission programs have priority, we do rent to church groups when there are vacancies. The Lodge is available year-round, although access can be limited in the winter due to the steep access road and snow accumulation.
